BRYANT GRADUATES SAY

Preference for Bryant Graduates

I do not know what I would have done without the services of Bryant College because I know that business men give preference to Bryant graduates because they have had thorough training in the fundamentals of business.—E. S.

For Both Employers and Graduates

I think very highly of the service of the Placement Bureau. It is operated in a very conscientious manner, giving a very real service to employers and graduates. You are in constant touch with the best firms and any graduate may feel sure that he or she will be placed with a company that will appreciate the excellent training he has received.

I am very pleased with my present position received through the Placement Bureau.—D. G.

The Best Investment Ever Made

I recommend Bryant College as a thoroughly sound, reliable and worthwhile business educational institution, whose officials are known for their integrity, and whose student body is a cultured, fine group of young men and women hailing from every section of the United States and several foreign countries as well.

I shall always look back at the year I spent at Bryant as one of the happiest periods of my life, and upon its thorough training as the best investment of time and money that I have ever made.—R. W.

Does More for Its Graduates

Any person who graduates from Bryant College and has the Placement Bureau at his disposal need not fear unemployment for long. Incidentally, Bryant does more for its graduates than any other institution in the country, and I do not exaggerate when I say this. * * * * * You secured a position for me even before graduation and then when another opportunity came along for my betterment, you did not hesitate to inform me of it.—J. B. H.

Placed More Quickly Than Expected

Certainly the Bryant Placement Bureau placed me sooner than I had expected. I was called for an interview two days before graduation, received the position the same day I was interviewed, graduated two days later which was on Friday, and began work the following Monday. * * * * * Another point credited to the Placement Bureau is that they try to place you conveniently. In my case I was placed within walking distance of my home.—M. T.

Loyal Service to Old Graduates

I assure you, it is a great deal of satisfaction and security to know that no matter how long one has been graduated from the College, one can still call upon it and obtain such fine co-operation. I doubt if there are many colleges in New England which render such loyal service to their old graduates.—L. B. C.

A Special To Mid-Year High

Mid-year graduation at Bryant College is a special occasion of a limited number of new students.

Education continued, without interruption, mid-year graduate of high school entering college for specialized training for business is:

1. Ready for employment six months after graduation at the beginning of the Fall term
2. Graduated from Bryant at mid-year and there are greater and there is a smaller number of opportunities.
3. Given greater individual attention and there are smaller than those of the Fall term

BUSINESS MEN SAY

Thoroughly Trained

During the past ten years, we have chosen Bryant graduates for employes of our Company, whenever possible. With us, it is a policy to get the young man or woman who has graduated from a business course, start them at the bottom and give them every opportunity to grow as the business grows.

We have found that the graduate of Bryant College is very thoroughly trained in the fundamentals of business and is a person who has the rudiments of a business executive. Many of the department heads and branch managers now with the Company are products of your good College, and are holding positions which they have earned through their own ability.—HOWARD E. GLADDING, Secretary-General Manager, The Morris Plan Co. of Rhode Island, Providence, Rhode Island.

The Foundation for Business Success

It gives me pleasure to commend Bryant College to all parents contemplating a business career for their sons and daughters.

I believe that you are doing an excellent work in laying the foundation on which a successful business career may be built.

My endorsement of Bryant College is evidenced by my advising my nephew from Augusta, Georgia, to attend your institution.—CHARLES F. STEARNS (Bryant '94), Former Chief Justice of the Supreme Court of Rhode Island.

The Right Characteristics

Every time that we have called upon you to furnish us with an employe with carefully specified lines of ability, it has developed that that employe has shown the right characteristics, thus affording us the satisfaction we sought.—ERNEST I. KILCUP, President, Davol Rubber Company, Providence, Rhode Island.

Well Prepared

We have as members of our staff, four young men who are recent graduates of the Bryant course in Higher Accountancy. We are pleased to inform you that we have found all of these graduates especially well prepared for work in the public accounting field.—GEORGE E. COMERY, Comery, Davison & Jacobson, Certified Public Accountants, Providence, Rhode Island.

Reflect Splendid Fundamental Training

In the office of the Rhode Island Agency of the Massachusetts Mutual Life Insurance Company at Providence, handling the largest strictly Ordinary business in the state, five of our important office executives are graduates of Bryant College. All of these are highly trained specialists and reflect, in a marked degree, the splendid fundamental training they received at Bryant College.—MASSACHUSETTS MUTUAL LIFE INSURANCE CO., Providence, Rhode Island.

A Lifetime Investment

Education should last a life-time. It is a security against changed fortunes—and should be chosen with the greatest possible care.

Especially is this true of the young man or woman graduating from high school and planning to enter the field of exacting modern business; or one already in business and seeking advancement.

Bruce Barton said recently: "You can never make anybody pay you more money until you have more to sell * * * * * the only way you can lift yourself out of that \$25 class is by giving yourself an equipment that the rest of the class do not have. In other words, by study, by education, by specialized training."

A Heritage of Prestige

For seventy-six years, Bryant College has been educating young men and women for business and the sound, practical training they have been given in Business Administration or Secretarial duties has created a steady demand for Bryant College graduates as employees.

Thousands—literally thousands—of its graduates are today in positions of responsibility. Sound training for business and an effective Placement Bureau have helped them start in life and advance to positions of importance.

Study is Pleasant at Bryant

Its beautiful buildings on an elm-shaded campus in the exclusive residential section of Providence are a fitting collegiate background for the serious study blended with the social contacts of fraternity and sorority life, glee club, orchestra, dramatic club, tennis and other activities which contribute to a well-rounded college life. Scientifically lighted and heated modern classrooms, dietician-planned meals in the College cafeteria, a large Auditorium and Gymnasium, a Library of modern reference books, the Placement Bureau, the College bookstore and the administrative offices are on the Campus, with College supervised dormitories nearby.

A Saving of Two Years' Time and Money

The concentrated training along sound, practical business lines enables the student of Business Administration or Secretarial Science to acquire in two college years of 48 weeks each, the same number of credit hours given by most academic colleges in four years.

Thus, the Bryant College student saves two years' time and money, and is ready for an earlier start in business life and in earning.

The Demand for Bryant Graduates

There is a constant demand for Bryant graduates to fill responsible positions. The recognized thoroughness of preparation and soundness of education makes Bryant graduates preferred. A Bryant degree or diploma is the only recommendation many business men require.

Employment Advantages

Bryant College has unusual facilities for putting graduates in touch with employment opportunities. An experienced Director of Placements and his assistant devote their entire time to arranging interviews for graduates and are in daily contact with employers and students. In normal times, the Bureau handles an average of 1000 calls a year. The Bryant Placement Service is free, for life, to graduate and employer.

Carefully Chosen Student Body

Bryant College accepts for admission high school graduates in good standing only, preferably those recommended by high school Principals or Vocational Advisers.

From the moment the student enrolls at Bryant, he or she is not merely part of a mass student body—he or she is regarded as an individual with individual aims, ambitions and aspirations, and those aims, ambitions and aspirations are given careful consideration and development.

A Distinguished Faculty

A faculty of distinguished professors and instructors give generously of their time and interest. These professors and instructors have had both complete academic and business education. They combine teaching and business experience with an ability to impart knowledge in an effective, practical, and inspiring way. A staff of visiting lecture specialists in technical and cultural subjects gives frequent lectures on timely and vital subjects.

Enrollment Limited

The enrollment of Bryant College is limited to five hundred and fifty and the College is interested in developing only those who have a record of integrity of character, high standards of scholarship and other necessary qualifications for a business career.
